

TRANSFER DOMAINS

How to Transfer a Domain From 123-Reg

Below is a step-by-step tutorial that will show you how to transfer an existing .UK, .COM, .NET.ORG, .INFO, .BIZ and other non-UK domains from 123-reg to your Vision-Hosting Account

Transfer .UK Domains:

Step 1 – Prepare your domain for transfer

1.1 – Start the transfer on our end by ordering a transfer domain from our ‘Transfer

Domains’ page. Place your domain transfer order by entering your domain and clicking transfer.

1.2 – Login to your 123-reg control panel using the ‘Member’s Login’ button.

1.3 You should now see a dropdown box containing a list of your owned domains currently with 123-reg. Select the dropdown from the dropdown box and click ‘Modify Domain’.

1.4 You should now be at a new page. Select the option you require:

1.4.1 Change Name servers (Enter your new host’s name servers).

1.4.2 Change IPS Tag (Enter ‘PDR-IN’ IPS Tag for Vision-Hosting).

1.5 – Click ‘Finish’.

Vision-Hosting will send you an email confirming that you are the owner of the domain and complete the final transfer.

TRANSFER DOMAINS

How to Transfer a Domain From 123-Reg

Transfer .COM, .NET, .ORG, .INFO, .BIZ And Other Non – UK Domains:

Step 1 – Prepare your domain for transfer.

1.1 – Login to your 123-reg control panel using the ‘Member’s Login’ button. Choose the contact that contains the domain.

1.2 Using the scroll bar on the right side of your browser window, you should be presented with a blue section and a drop down box that contains a list of domain names. Next to the drop down box is a button that says ‘Modify Domain’. Select the domain you wish to modify drop the drop down box and click the ‘Modify Domain’ button.

1.3 Click on ‘Manage Domain Locking’ to unlock the domain name.

1.4 Return to the previous menu.

1.5 Click on request Authorization Code. Your Authorization/EPP code will be sent to the registered Admin Contact (Admin C) of the domain.

1.6 The admin contact details must be a valid email address that you have access to in order to receive the authorization code. If the admin email address is not correct and is in need of update please follow the instructions below to do this.

TRANSFER DOMAINS

How to Transfer a Domain From 123-Reg

1.7 To modify your admin C email address for top level domain names, Click 'Modify

Contact Details' to update the registered admin email address for the domain name

that you wish to transfer.

Place Your Domain Transfer Order:

Initiate the transfer from our end by visiting our 'Transfer domains page'. Place your domain transfer order by entering your domain in the box and click the 'Transfer Domain'. On the following page we will tell you if the domain is available for transfer and the price it will cost. You can then continue with the order process by entering the authorization code where applicable.
